

Bristol
Clifton, June 20. 1822.

Say

Your acct. with us had to
be two plates in the 5.th vol. of the Geol. Trans.
has been forwarded to me - as it ^{was} my
intention to pay only for the engraving
of those plates and not the printing and
paper - I wrote to the council on the subject -
They understood me in the same light, and
said that the items of Printing and Paper
were to be deducted from your acct., the
remainder will be nine pounds, twelve
shillings, which a friend of mine will
call and pay you in a week's time -
believe me -

Yours &c

H. J. De la Beche
